Admission Procedure

Students of the school moving from EYP to PYP are automatically enrolled in PYP and likewise for PYP and MYP sections. DP orientations are conducted for parents and students of Grade X already studying in the school. Psychometric tests are conducted, individual sessions with the college counsellor are organized and on the basis of their aptitude, interest and college and course preferences students decide on their courses. New students take the Placement Skill based tests for English, Math and Science, and a psychometric test; their records of the past two years are reviewed; and an interview is conducted for the parents and students with the Head of School. Thereafter the parents and student's meet the coordinator and the college counsellor to understand the various aspects of the program and make subjects choices based on their aptitude, their interests and an initial review of their college and course preferences. Students are allowed to transfer from other schools in the middle of the session in DP 1 or the beginning of DP 2, provided the

school offers the subjects that they were studying. The procedure for seeking admission is the same as mentioned above for new students. In addition, they need to submit official records of CAS, IA work etc. from the previous school. Scholarships are available for new and existing students joining the diploma programme. For this students need to fill the online scholarship application form.

the wait pool.

- When placing an application in a wait pool, we try to provide the candidate with a realistic assessment of the chances and possible timing for admittance.

School Tour

We encourage parents considering enrollment at NESISM to visit the campus while school is in session in order to tour our facilities and experience the school atmosphere first-hand. During the visit they will have a chance to meet the relevant school principal(s) and/or head of academics, and the admissions staff will show them around the campus. School tours are scheduled daily between 12 noon and 03:00 p.m. (Monday – Friday). However, this needs to be scheduled via an appointment through the school front desk. Although we request that families arrange to visit for the school tour at the timing mentioned above, we will still do our best to accommodate visitors from overseas/outstation that are unable to abide by those timings.
