## ICT POLICY

### *Philosophy*

The Information Technology (IT) resources and services of NESISM are provided for the

advancement of the school's educational, research, and learning objectives. They are

offered

primarily to facilitate the School's staff and students for the purposes of research learning,

teaching and carrying out other assigned tasks.

## ***GUIDELINES FOR INTERNET ACCESS***

- Faculty and students are responsible for using the school Internet/Computer Network in

ethical manner.

- The Internet is provided for faculty and students in support of education and research and

consistent with the instructional objectives of the school system.

- The School Internet access shall not be used for recreational purpose by downloading

/playing ANY online games, and watching any online movies, music videos, or any other

online video sites (except for class purposes).

- Students are not allowed to use school internet for personal communication such as

chatting, instant messaging, and/or social networking sites.

- Blogs, WordPress, noodles and wiki spaces can be used for educational purposes only.

- No downloading and/or installing any programs or software without

permission.

- The Internet offers access to various inappropriate sites such as those that are pornographic, militant/extremist, racist, and gambling-related. Students should not access

any information of this kind.

- Students should not involve in any cyber bullying (sending or displaying offensive

messages or pictures, harassing, insulting or attacking others etc).

## ***GUIDELINES FOR SCHOOL COMPUTER NETWORK***

- Access to School Computer Network is a privilege, not a right. The use of the school network system must be consistent with, and directly related to, the educational objectives of the NESISM.

- Students are required to save their work/any assignment task in the individual Google drive or any other clouding facility.

- Protect your identity! Do not share your email username and password with others.

Always Log Off your system before leaving the system.

- Students are not allowed to LOG ON to another person's account or alter/change other's work/files.

## ***ANTI-VIRUS POLICY***

With the increased reliance on internet connectivity, anti-virus software is necessary

to protect a computer against viruses, worms and other types of malicious code.

- All users should install Anti-Virus to their laptops and all other devices.
- The School's standard anti-virus software is e-Scan at present.
- School has installed antivirus to all the IT

resources.

- However, the users who are using his/her own devices will have to install their own

Anti-Virus software.

## ***ACCEPTABLE DEVICES - Laptops/Tablets/iPads Purpose***

NES International School Mumbai will provide access to a Wi-Fi internet facility in the

campus and the option of bringing in a personal laptop as a means to enhance learning. It

opens limitless possibilities and user can access the sea of information available on

WWW. With such opportunity comes responsibility. Use of NESISM internet connection

and computer network facility is privilege given to the members of the school community.

The school provides a set of guidelines for security and acceptable use and violation of

these guidelines will have to face consequences.

- All DP students are allowed to carry laptops to the school regularly.
- Middle year school students are allowed to use their personal laptop in the school only

with the permission of the subject teacher/Coordinator.

- The Laptop that students bring should be Wi-Fi enabled.
- IT helpdesk /server administrator of the school will verify whether the antivirus

software has been updated or not. If the IT Department finds that the laptop owned by

a student does not contain the latest virus definition files/the OS is corrupt/Trojan

horses are found/spyware is detected/peer-to-peer sharing applications exist, then

he/she would not be permitted to use the laptop on campus as the school network

security is of paramount concern.

- Students must turn off and put away a personal laptop when requested by a teacher.

- Students should be aware that their use of the laptop could cause distraction for others

in the classroom, especially with regards to audio. Therefore, audio should be muted,

since headphones should not be used during instructional time.

- During class, students may not use any chat, online games, viewing movies or any

other activities which is against the school internet policy.

- The responsibility for any kind of hardware or software damage to their laptops rests

completely with the students and the Management assumes no responsibility

whatsoever of any damage/theft concerning the laptop on the school campus.
